

Reel # 1 1960/61 Taken when I first had
movie camera at the previous house. Rosemary &
Children visit us for a week. Then to Rosemary's
home at Nelson. After showing Pauline, her husband
& children who were up there. Rosemary's husband
Jerry can be seen bringing in the cow (The only
one I have of him).

A little taken on way to Aunt Texas. Camera went
wrong and could not get any while there except one
small shot indoors that not much good.

Followed by a few spots around Vancouver. The
Bridge connects the North Shore to Vancouver. I zoom in
on Neak enough when we live under the Mountain's.

You will see Pauline & her new baby (1962)
Then back to 1960 when Pauline & Family came back from
Winnipeg and with us for Xmas 1960. The other people
are friends. Climax — A Damn good New Year's
Party.
